

NOMO, FLEXIBLE, ELEGANT FOLDING ROOF

Meet our innovative, fully horizontal Patio: the NOMO. Even during heavy rainfall, you can still enjoy the relaxing outdoor life. As an extension, or would you prefer a free-standing configuration? There is a NOMO for every situation. Opt for glass sliding walls, built-in screens all around and LED lighting for even more comfort and atmosphere. Time to cocoon!

Curved fabric profiles

The curved fabric profiles provide double drainage. The integrated gutters allow water to quickly drain away. Your Patio will stay completely dry both during and after a shower.

Integrated vertical wind-resistant screens; protection against wind and weather.

Integrated LED lighting in folding fabric for extra atmosphere!

Opt for extra comfort with the following options

- Integrated vertical screens
- LED lighting (both in the folding roof and in the frame)
- Glass sliding wall

LED line

LED: integrated lighting with RGB coloured lights including white light, and variable brightness levels.

Glass sliding wall

With a glass sliding wall, you can now enjoy your terrace on days that the weather is not ideal. No need to worry about rain or wind.

All our HAROL products represent:

Comfort

The motorized HAROL solutions guarantee ultimate user comfort. Using a remote control, smartphone or tablet: one command operates all our products. Are you looking for 100% trouble-free operation? Opt for automatic controls. This solution will take care of all the operations; you can relax, as the settings are always optimised.

Safety

HAROL products not only add character to your home, they also protect your family from unwanted visitors. Our specially-developed security packages even go one step further. Smart solutions, robust equipment and automatic control systems provide multiple solid barriers. And, during extended absences, these will give the impression that you are still at home. No one can put your sense of security at risk.

At Harol, we always respond to your needs.

Excellent service and installation by experienced engineers is, for us, a standard requirement.

Design

Our extensive range of roller shutters, sun protection, garage doors and outdoor living products complements the most diverse architectural styles, from classic to ultramodern. We customize every solution. Choose from more than 300 RAL colours, scratch-resistant textured coatings and colour foils (for our doors only). We know how to match our solutions to your lifestyle.

Energy saving

Save decisively on your energy bills with HAROL's energy-efficient solutions. Our solutions keep abreast of the increasingly stringent energy consumption requirements. The innovative elements we incorporate are therefore the optimal solution for blocking out sun and cold. For maximum efficiency, our solutions may be programmed to respond to the many differing weather conditions.
